PROFESSIONAL SUMMARY

Digital marketing professional with 15+ years across web, brand and online promotion. Combines SEO, local search, Google and Meta ads, GA4 analytics, AI content automation, social media and content creation with hands-on WordPress and web development skills — able to plan, build, optimize and promote landing pages without waiting on a development team. Proven local SEO result: ranked a Delhi training institute's Google Business Profile #3 for “computer institute in Delhi”. Also creates brand identities, graphics and video content in-house.

CORE SKILLS

- **SEO:** On-page & local SEO, Google Business Profile optimization, keyword research, competitor gap analysis, location landing pages
- **Paid Ads & Analytics:** Google Ads, Meta Ads Manager (Facebook & Instagram), Google Analytics 4 (GA4), Google Search Console
- **AI & Automation:** AI content pipelines, automated SEO blogging, prompt engineering, LLMs (DeepSeek, Gemini, Ollama), TTS-narrated video, Python automation
- **Social & Content:** Social media marketing, content strategy, promotional campaigns, admissions / lead-generation content
- **Design & Video:** Brand identity, Adobe Photoshop, Illustrator, CorelDRAW, typography, colour theory, video editing
- **Web:** WordPress, HTML, CSS, landing page development, PHP/Laravel (technical SEO fixes)

WORK EXPERIENCE

Senior Web Developer & Graphic Designer — Digital Marketing **Mar 2011 – Present**

Nice Web Technologies (NWT Institute), New Delhi

- Ranked the institute's Google Business Profile #3 for “computer institute in Delhi” through local SEO and listing optimization.
- Run keyword and competitor-gap analysis across three company websites; built a neighbourhood landing-page strategy to extend search visibility from Jahangirpuri to Rohini, Pitampura, Adarsh Nagar and nearby areas.
- Delivered SEO strategies that increased organic traffic for multiple client websites, tracking performance in GA4 and Google Search Console.
- Built an AI content pipeline that runs SEO blogging automatically and produces TTS-narrated lesson videos, with a human approval step before publishing.
- Plan, run and optimize Google Ads and Meta Ads (Facebook & Instagram) campaigns.
- Create social media campaigns and promotional posts, course brochures and marketing collateral to drive student admissions.
- Produce video content, including a beginner tutorial series in Hinglish and an animated app walkthrough video for a Google Play Store listing.
- Created 20+ brand identities (logos, collateral, visual guidelines) for clients across industries.
- Built and maintained 50+ client websites (WordPress / PHP), giving campaigns fast, SEO-ready landing pages.
- Train students and junior staff in web design and digital skills.

EDUCATION & CERTIFICATIONS

- **Bachelor's Degree in Computer Science** – Swami Vivekanand Subharti University
- **Diploma in Computer Applications; 'O' Level & 'A' Level Certifications** – NIELIT
- **Computer Teacher Training** (CTT) – 2-Year Diploma
